## Chinese Ambassador: China 'will never allow chaos and war' on the Korean Peninsula

9/4/2017

The Chinese ambassador to the United Nations on Monday encouraged dialogue to deal with the North Korean threat.

During an emergency meeting of the U.N. Security Council, Liu Jieyi said the situation on the Korean peninsula is "deteriorating constantly" and the issue needs to be resolved "peacefully."

"China will never allow chaos and war on the peninsula," he said.

"The parties concerned must strengthen their sense of urgency, take due responsibilities, play their due roles, take practical measures, make joint efforts together to ease the situation, restart the dialogue and talks and prevent further deterioration of the situation on the peninsula."

His comments come after North Korea claimed it successfully tested a miniaturized hydrogen bomb capable of fitting on an intercontinental ballistic missile (ICBM).

leader, Kim Jong Un, is "begging for war" with his "abusive use of missiles."

"The time for half measures in the security council is over," Haley said during the emergency meeting of the U.N. Security Council.

"The time has come to exhaust all of our diplomatic means before it is too late. We must now adopt the strongest possible measures. Kim Jong Un's action cannot be seen as defensive."
