Once more, the headsmen, hangmen, executioners, torturers, of the capitalist Islamic Republic in Iran, have unleashed with a brutal onslaught.

We have witnessed the general reaction of workers-freedom fighters of the Iranian society in and outside of Iran, towards the ridiculous documentary called “burned plan”, that pictured the tortured sepideh Gholian, Ali Nejati, and Ismail Bakhshi on Islamic TV.

In the first glimpse, after showing the repeated TV scenario, the Haft Tappeh workers issued the following: “what will you do with the demands of five thousand Haft Tappeh workers? Hey documentary makers! Do mean that all of these workers, who say the privatization must end, get an order from Donald Trump? Get an order from communist parties? Or do they get an order from parties who want to overthrow the regime, namely subversive parities?”

Today, we are witnessing the tortures by the capitalists in Iran, punishing Ismail Bakhshi and Sepideh Gholian and are once more taking revenge, by brutally arresting and beating both and Sepideh’s brother Mehdi as well. Based on the latest news, at 11:35 PM of 20th January, 2019, 15 patrol cars, carrying large number of armed forces, attacked Ismail Bakhshi’s home, taking the representative of workers and member of Haft Tappeh Sugarcane syndicate to an unknown location.

Based on evidence, at 7 o’clock, on the morning of 20th January, 12 male and 2 female officers brutally arrested handcuffed and shackled Sepideh Gholian and her brother Mehdi, wounding their mother’s throat with a knife, beating and insulting her, saying that “we will kill your daughter as well”.

Such attacks, and the brutality of the regime by imprisonment, torture and execution is not new. It is from fear and despairs and panics about the growth of the struggles of the workers movement and the masses of toiling people, which has shaken the lives of the capitalists and their government.

Solidarity committees believe: the independent workers, by organizing their independent protests and strikes, without depending on any internal and external political and imperialistic organizations, will fight actively for their rights, and no power can hinder the flood that is flowing.

We, the solidarity committees, whilst condemning such savage and brutality of the Iranian regime and its security apparatus, call on all workers, freedom fighters, organizations and labor institutions, to actively, by whatever means possible, stand against the anti -worker, anti-human Islamic regime of Iran.

Now, it is the duty of all of us, to support resolutely, Ismail Bakhshi, and Sepideh Gholian and defending them against the criminal action of Islamic regime.

The capitalist Islamic regime in Iran is breathing its last dying breath.
