## *Israel, don't kill your brothers*

What else can I say, we can say today, 15 years, later? of those who respect neither the Tablets of Moses, nor Jesus of Nazareth, nor the womb of their mothers, nor the good name of their most universal poets and teachers, nor the memory and bones of their dead executed and burned in the chambers and crematoriums of Auschwitz and Mauthausen.

Do not allow your government to use the suicidal madness of Hamas to justify the occupation and unpunished annexation, in your name, of the Gaza Strip and all of Palestine.

I FEEL DISGUST, SHAME, IMPOTENCE AND I ASK FOR PEACE AND THE  
WORD with Blas de Otero

*I say, before the POWER I get up and take the floor  
Before the poor I bow and lower my gaze,  
And I ask, has mankind totally lost its senses  
and does not see that it is bound hand and foot on the road to hell?*

GAZA, Oct 17 (Reuters) -

*An Israeli airstrike on Tuesday night killed hundreds of Palestinians in a Gaza City hospital overcrowded with patients and displaced people.*

*The attack was the bloodiest since Israel launched a relentless bombing campaign against Gaza in retaliation for a devastating Hamas assault on southern Israeli communities on Oct. 7.*

Once again the Government of Israel, and NO! the PEOPLE, act with an absolute contempt for human rights, for the physical integrity and life of their Semitic brothers, once again kill Manuel's dreams with premeditation, nocturnality and treachery.

On the night of December 31, 2008, he wrote: "The state of Israel is established and consolidated as a state governed by those who make war and state terrorism their primary raison d'être and their political calling card." (...) "And only the citizens through the NET and with all the means at our disposal, raising the flags of the Earth, unity, peace and freedom, respect and love for the different that humanizes and enriches us above races, creeds and sexes, will stop the genocidal governments of Israel-USA, that only free peoples are masters of earth, fire and air, water and hope. Only free peoples are masters of their dreams, of their lives, kings and gods without vassals, they are nobody, they are nothing. You think you are very macho, brave and intelligent, and you are the greatest fools and criminals of the <>th century.

And he wrote on January 12, 2009: [ISRAEL: DO NOT KILL YOUR BROTHERS!](#)

Before the POWER I stand up and speak, before the weak I bow and lower my gaze.

"Amen", "The Pianist", "The List..." ... about the misfortune and persecution of the Jewish people from the Catholic Monarchs and the Holy Inquisition to the present day, have made my soul bleed. My collection of poems "Esther... a Woman's Love" is a love song to a Jewish noblewoman, simple and supportive, who longs to love and be loved, to BE, and to be free and to be a woman. Today, as a free citizen, responsible for his words and actions, I curse the terrorism of Hamas, and I declare myself Palestinian to defend the children and civilians of Gaza, and the noble and legitimate cause of Palestine with the only weapon I possess, the word, the poetry seed of love, light and life.

*GOLD:*

With gold and black gold, everything is bought and attained, everything, pleasure and  
glory, everything,  
the law and the crown.

Everything, except the verse,  
the shame and the dignity.

*ISRAEL, DO NOT KILL YOUR BROTHERS!*

Today in Palestine, history repeats itself, Cain and Caiaphas kill Abel and Manuel again.  
Today I want to write and I cry with rage and disgust, knowing that your fathers loved  
each other passionately under the olive trees in bloom, so that roses would grow on the  
sands of the desert and carnations at the mouths of the cannons, knowing that your  
mothers gave you light under the sprinkle in the light of the Crescent and the Big Dipper  
so that Jews and Palestinians, Christians and Muslims would join hands over walls and  
fratricidal hatred as good brothers, so that we would all have the sea, the land and the  
water, the salt, the air and the dew, the house, the table and the bed and our daily ration of  
oil and bread, dates and milk, cheese and honey.

*! IF YOU WANTED TO!*

If you wanted to,  
a gesture, a word from you  
And an avenue of light  
It would come out of the bowels  
of the Mount of Olives  
linking Gaza and Jerusalem.

! If you wanted to,  
a gesture, a word from you  
And hope would return  
And the water, to the houses  
Hospitals and schools,  
Gaza and Jerusalem.

! If you wanted to,  
a gesture, a word from you  
And they would bloom again

Cherry trees and lilies  
In the streets and squares  
of Gaza and Jerusalem.  
! If you wanted to...  
If you wanted to...  
A gesture, a word from you  
And dreams would nestle again  
In the high minarets.  
The blackbirds  
would sing again in Gaza and Jerusalem.  
! If you wanted to, a gesture,  
a word from you  
And all the children  
From Israel and Palestine  
they would take the side  
of Love and Life.

! If you wanted to, to see Gaza and Jerusalem,  
Palestine and Israel bleeding.

The children of the generous womb of Mother Earth  
offer the roses of love and olive branches to  
the children of Fatima and David, of Esther and Saladin.

Begging them with desolate souls and broken  
hearts For the Love of God and Allah, Stop the damned War!

What else can I say, we can say today, 15 years, later? of those who respect neither the Tablets of Moses, nor Jesus of Nazareth, nor the womb of their mothers, nor the good name of their most universal poets and teachers, nor the memory and bones of their dead executed and burned in the chambers and crematoriums of [Auschwitz](#) and [Mauthausen](#).

Yes!! We can say that Spain and the other US states, after condemning Hamas, must recognize the state of Palestine without excuse or delay and must condemn the crimes against humanity committed by an occupying army and a merciless government equipped with the most modern and powerful weapons of mass destruction and with the will to use them. And they must demand that it stop the damned war that is provoked and fed back by those who do not listen to reason and laugh at all the resolutions of the UN and its Security Council, knowing how Israel knows that, thanks to its own atomic arsenal, its lobbies and

its bankers, it rules in the United States and in the world. more than Busch, Clinton and Obama, Trump and Biden and in Spain, more than the King and Aznar, Rajoy and Sánchez.
