We salute the courageous initiative taken on October 7 against racist, genocidal and colonial Israel.

Together with the Palestinian people for freedom, justice and dignity.

On the morning of October 7, the mass guerrilla operation carried out by Palestinian nationalists was a serious political, moral and ideological blow to the racist and genocidal colonial instrument of war and the armed and unarmed fascist upper bureaucracy; Those who declared that they buried the will of the Palestinian people by turning them into a group of refugees, making them unable to defend their national dignity. They declared the invincible physical and electronic walls of the Israeli state, settling through a nightmare whose effects will last for decades to come.

The war machine called Israel under the rule of the racist fascist colonialist Zionists is a disgrace to the Jews. The State of Israel has become a black mark on the forehead of the Jews with its grave crimes against humanity, which it has been committing against the Muslim and Christian Palestinian Arab people for 100 years, and with its support for fascist and tormenting regimes that are hostile to the workers and toilers of the world.

Those who committed massacres and genocide against Jews all over the world in the twentieth century, starting with the Tsarist Russian Empire, the arch enemy of the peoples, to Hitler's racist, fascist and genocidal regime, to this day, the State of Israel and Netanyahu, Gallant, Halevy and the likes of them who rule it, are of the same breed, They have the same mentality and ideology; They are enemies of humanity.

The political and military struggle of the Palestinian people against the fascist tool of war, genocidal and imperialist attacks, is legitimate, just and moral. No demagoguery can

obscure this reality, and the Turkish Communist Party stands with the Palestinian people and the October Movement. The Palestinian resistance trenches and attack positions are a position for all the peoples of Asia Minor and the Middle East.

We call on Muslims, Christians, Jews and Yazidis, working people, women, youth, urban and rural workers, scholars, intellectuals and artists in the flowering garden of the Middle East, to support the Palestinian people as a demonstration of solidarity and struggle for the liberation of Palestine for the sake of a free Middle East and a democratic union of the Middle East against alliances and forces hostile to the peoples. Middle East, focusing on Israel and the United States.

We call on the toilers and oppressed people on all continents to take to the streets and expand the struggle for an unconditional end to Israel's fascist, colonial, and genocidal attacks against the State of Palestine's right to self-determination, for the immediate release of all political detainees in Israeli occupation prisons, and for unconditional action The right of return for millions of Palestinians in exile around the world.

Long live the struggle for the freedom of the peoples of Palestine and Kurdistan

Long live free Palestine, long live free, united Kurdistan.
