199 days of Israeli aggression, 34,151 killed, 77,084 injured in Gaza

Israeli occupation forces commit 6 massacres against Palestinian families across Gaza.

A wounded Palestinian family arrives at the Al-Shifa hospital, following Israeli airstrikes on Gaza City, central Gaza Strip, Monday, Oct. 16, 2023. (AP)

The number of Palestinians killed in the Gaza Strip due to the Israeli aggression since October 7 has risen to 34,151, in addition to 77,084 injuries, the Ministry of Health in Gaza reported.

In 24 hours only, the Israeli occupation committed 6 massacres against families in Gaza, killing 54 and injuring 104, said the Ministry, adding that some of the victims remain under the rubble and on the streets, as the occupation hinders the search and rescue missions, preventing the ambulance and civil defense teams from approaching the affected areas.

In a recent development, **Al Mayadeen's** correspondent in Gaza reported that Israeli warplanes launched a series of intense airstrikes on the al-Zaytoun neighborhood in Gaza City, in addition to al-Mughraqa in the central Gaza Strip.

Israeli artillery shelling targeted the eastern part of the al-Maghazi camp in central Gaza, simultaneously with an Israeli airstrike targeting the al-Mawasi area and the southeastern part of Khan Younis.

In the central Gaza Strip, several Palestinians were killed and others were injured in an Israeli airstrike targeting the al-Taqwa Mosque in the al-Bureij refugee camp, while another Israeli airstrike targeted the northern part of the Nuseirat refugee camp.
