Disgusting USA and Rice, are you going to STOP now?

2/5/2012

The west, and particularly the USA, have engineered, financed, armed, trained and encouraged civil war in the Middle East and Africa. In truth, the so-called "Arab Spring" was an Arab spring cleaning. That is to say, time for the Empire to "clean out" those nations that won't cooperate with their disgusting full spectrum world domination plan.

They have deliberately and with malice of forethought formented these civil wars and "rebellions" that are destroying the tranquil, peaceful lives of men, women and children. They pretend to have an interest in the peace and safety of the people, when the opposite is true. They have no interest in seeing the violence come to an end.

This is while they continue to prop up disgusting fascist, racist, genocidal regimes such as in Israel, Saudi Arabia, Qatar, Bahrain, Yemen, etc.

Once again, that pig-headed, big mouth flap jaw sinister female, Susan Rice, had to get her digs in with yet another verbose dishonest statement oozing of arrogance and stupidity.

"The United States is disgusted that a couple of members of this Council continue to prevent us from fulfilling our sole purpose," U.S. Ambassador Susan Rice said.

Yes, we know your purpose, Ms. Rice. To destabilize countries. To kill their people. To destroy their way of life. To take over the world and make it groan under your heels.

"For months this Council has been held hostage by a couple of members," she said, referring to Russia and China, who she said had been "delaying and stripping bare any text to force Assad to stop his actions."

And who, Ms. Rice, is going to stop YOU from your murderous, evil, demonic actions?

Without referring to Russia by name, she said the vetoes were "even more shameful" given that Russia has continued to sell weapons to Syria. She called the vetoes "unforgivable" and said "any further blood that flows will be on their hands."

Yes, Ms. Rice you only want weapons in the hands of the murderers, the terrorists and the population of Syria left defenseless.

The topper whopper of them all: Russia and China "remain steadfast in their willingness to sell out the Syrian people and shield a craven tyrant."

Who does she think she's kidding?? Sell out the Syrian people? How about them perpetrating the murders of hundreds of Syrian people and disrupting their lives, peace and safety so that they could get an inconvenient government out of their path to world domination?

Ms. Rice is fooling no one. It's amazing she can lie like that with a straight face. It didn't pass without notice that while the Syrian representative to the UN, Bashar Al Jaafari, spoke, she removed her ear piece to show her utter classless disrespect for the Syrian people. She wouldn't even listen...what does that say?

All the blood that flows in Syria, Libya, Iraq, Afghanistan and Pakistan is the direct responsibility of the United States and its overlords in Tel Aviv.

The terrorists in Syria have Israeli weapons. How does she justify that?

Exactly who is supplying weapons to terrorists, both in Syria and Libya? The United States and its sycophant "allies." Who is telling the so-called "opposition" not to negotiate under any circumstances? The United States. Who is providing the Goebbels propaganda machine of lies and disinformation? The United States and its sycophant allies. The United States arms expansionist, colonialist Israel and funds their ethnic cleansing of the Palestinians.

The position of Russia and China is clearly correct, moral and just. The vetoes by Russia and China now make it possible for the people of Syria to resolve their own issues.

The lesson of Libya was not lost on Russia and China, but was unfortunately on 13 other collaborator countries who voted, in essence, to approve of American domination and aggression.

There was nothing correct in the resolution that was clearly one-sided, totally oblivious to the reality on the ground that Syria is under seige from without by foreign terrorist elements, armed and agitated by the west.

Russia and China refused to become part of the problem, which is western interference and bullying.

The resolutions on Libya merely called for a no-fly zone and the west so bastardized the wording that they turned it into an excuse for regime change, bombing the living daylights out of Libya, destroying its environment, infrastructure and civilian population, totally depopulating at least two cities, the ethnic cleansing of its black population, the rape of its women, seizure of its oil, use of illegal weaponry and a ground invasion. Thousands of foreign troops have invaded Libya. They armed one side and denied the necessities of life to the other. How balanced is that? How just and fair is that?

How Hitlerian is that?

One can only say to Ms. Rice and her cohorts: Enough! You lose! You stink! Go to hell! Enough of your duplicitous hypocrisy and lies.
