Taliban reject US-Afghanistan strategic partnership agreement

May 3, 2012

Taliban on Wednesday rejected US-Afghanistan strategic cooperation agreement and vowed to continue jihad till the ouster of foreign forces.

In a statement emailed to Afghan Islamic Press (AIP), Taliban said, "In response to the this illegal document, The Islamic Emirate, being a justified representative of Afghan nation, would continue armed jihad with full force till the complete ouster of occupation forces and their puppets from Afghanistan."

"The Islamic Emirate considers the head of the Kabul puppet regime as a powerless servant of Americans and their invaders and considers all kind of their agreements with their masters as selling the territorial and national integrity of the country."

"Afghanistan is practically under the occupation of Americans invaders and the official address of Obama to US nation from Afghanistan's soil is a clear proof of this point. So, neither the puppets imposed by the invaders on this soil have any Islamic, lawful and national status nor their agreements and documents with their masters is trustworthy."

The statement said, "The control of Afghanistan is in the hands of US invaders since they attacked Afghanistan. By signing agreements with their puppets after 10 years of their occupation, they want to deceive Afghans and the world that they had been invited by the government for strategic cooperation for their permanent stay in Afghanistan." "The signing of the so-called strategic agreement by American aggressors and their puppet

regime gives the message of igniting fire, intensifying fighting, political and security instability in the region.

This is what the war-loving Americans aim to achieve their imperialist goals against Afghanistan and the region."

It continued: "The war started by Americans and their allies caused huge human and economic losses in Afghanistan. The signing of this agreement would multiply these losses. Nothing would be gained that could usher in peace for their nations."

"The presence of aggressors in Afghanistan is the basic reason of instability in Afghanistan and the entire region. As long as their occupation is prolonged on any pretext, instability would increase in Afghanistan and the region. As soon as their occupation is ended, possibility of peace and stability would increase."

"The Islamic Emirate sees Afghanistan's and regional stability in the ending of the US imposed war. Therefore, we stress on the continuation of armed jihad against all the aggressors to defend our motherland as the US aggressors, do not believe in any other understanding and reason except the logic of power," it concluded.

US President Barack Obama and Afghan President Hamid Karzai inked the historical strategic partnership agreement on Tuesday (May 01) in Kabul.
