Are all Afghans terrorist and wild Nation, that a dictator will be needed??

The Nation of each sovereign and independent country has the right to determine its future by itself, unfortunately the Nation of Afghanistan is suffering and destroying its country through the selected sold people since 30 years. Some people pointed out, that Afghanistan needs such dictatorial personality like martyr Mohammad Daoud, he had positive intention for the Nation and for the country, but we have to be honest and fair to say, that it is no enough to have just positive intentions, it needs more than these, a patriot and national personality will never cooperate with sold people, unfortunately he did it, he carried out his coup with support of communists, in fact he opened the door for the bleeding disaster in country.

Communists used all possible barbaric actions to be Afghanistan a Republic of former UdSSR, they killed lot of innocent people and destroyed the country, both fractions tried to demonstrate their slave style to former UdSSR, this why appeared among them conflicts, at the end they used even the intrigues of ethnic and languages and they transfered their power to an other type of sold groups base on language intrigues. The Nation was confronted between 1992 and 1996 with those sold barbaric people, they killed common people and destroyed the city of Kabul totally. After those groups appeared an other group with the support of former Ex-King and USA, they turned the country to the Stone Age and insulted public the women, it existed security, but the future of country was unknown. It happened the Attacks in USA 2001, many innocent people was killed, those attacks was the reason for USA, EU and other countries to enter into Afghanistan with the slogans " we are bringing into country peace, security, freedom, prosperity and to eliminate the terrors" , they wanted to carry out these jobs with their selected people, who was known as criminals, killer, corrupted and sold people. All Afghans are witness now, that those countries started blind bombing the country, killed lot of innocent people, they put innocent people into jails, they insulted the Nation, it is going on still.

North alliance played its treacherous game, they tried to mark all Pashtuns as Taliban, but at same time they united with Pashtunen to ³ Alliance of Nation², we have in government and in parliament all type of killer, in fact those countries blocked the patriots to act for establishing peace, security, freedom in country and give it to the Nation the hope of prosperity.

It appeared the voice of UK diplomat and he announced, that Afghanistan can be controlled only by dictator, this slogan is circulating among the Afghans now, those Afghans are using critic on present government, parliament and foreigner countries, but at the same time they are running behind such dictated announcement and to make it as main subject. So far the Afghans will not respect each other, it will never stop the foreigner influences.

Further we know it very well, that all so called political groups are known as sold groups by Nation, the Nation has very bitter experiences with those groups, it can be not, that some sold people insist on it, that the copy democracy style has to be establish in Afghanistan too, the Nation of Afghanistan has own history, has own culture and tradition, no body can ignore it and no body has to ignore it.

We know it too, if some one be put on president chair, then this guy will keep this chair as inheritance, we saw it by communists(they killed each other for it and it was used the force of former UdSSR to bring sold slave Karmel at the end) artificial Mullah Rabbani and now Mr. Karzai is trying to clamp on it. North Alliance see it as its right to occupy this chair, all of them are using all available possibility to occupy this chair, even with intrigues and supporting of foreigner countries, but some educated people can not realize it, that the playing of such dirty games for them is betrayal on Nation, Tajiks are suffering because of north Alliance, Hazaras are suffering because of Wahdat leaders, Uzbeks are suffering because of killer Dostum, Pashtunen are suffering because Pashtun communists,, Hikatyar group, Taliban, Afghan Mellat and installed government, every where are bombing the Pashtun areas, why Mr. Karzai started to appear his voice now? (because of election!?), why Afghan Mellat is quit? Mr. Atmar was Khalqi, where is his voice? Mr. Faroq Wardag and Mr. Khuram belong to Gulbudeen group, where is their voice? It is shameful, that such Pashtunen are making for them positive propaganda and those did it for Taliban at that time too.

All patriot Afghans should learned bitter lesson from the 30 years disaster, so far the foreigner countries put their own selected people and to act as ruler in country, it will never come to the country peace, security and hope of future prosperity.

The Nation of Afghanistan has qualified, honest national patriot personalities, they will never play a dirty game between the ethnic and they will never let to be use the intrigue of languages, they are using pressure on those countries to bring their selected criminals and corrupted people to international court, because those country made them and those countries

are supporting them, they have to stop bombing and killing innocent people. It is not acceptable to come to the country for destroying the Taliban and later on are saying, no we want to bring them back and share with them power. It is appearing question now, why many innocent people have lost their life, destroyed and contaminate the country? Why we have communists, setami Milli, Maoists, Afghan Mellat, communists and sold artificial Mullahs including the selected people by Mr. Bush, if the Taliban join those horrible groups, then it will get the disaster perfect stage and we will have more anarchy, chaos and it will start ethnic conflict official and Russian, Iran, China and Pakistan will intensify their dirty games more. The Nation of Afghanistan does not need a dictator(it does not exist a good dictator and bad dictator, dictator is a dictator), Afghanistan need a patriot and national professional manager, coordinator with having the capability to make solid decisions and around him/her qualified, honest personalities and to see all ethnic as united Nation, it is possible, if all Afghans will avoid to be use by those sold groups and realize the actual responsibility against the Nation.

All Afghans should unit themselves in honest way, then it is possible to appear among them patriot and national and honest leadership!!!
